

# Overview of “Find a Taxaide Site” in VMIS

Recommendation: Allow the ZIP code to be searched using wildcards at any point where a ZIP can be entered.

Recommendation: On the Advanced Search by Distance from You page, make it possible to search:

- by ZIP only
- by state only
- by city and state only
- or any combination that meets those minimum requirements.

Don't explain this to the person using the site locator (members), since it will be confusing. Simply allow this combination of events to happen: advanced users will learn it.

Recommendation: Don't limit the number of results for any of the searches. Let the person using the form expand or restrict their search in order to achieve a limited set of results.

Left navigation is simplified to include only a back to:  
-AARP home  
-Money and Work  
-Taxaide

There are no promotions, and no right column.

The header and the footer are standard.

## Find a Taxaide Site Near You!

From February 1 through April 15 each year, the Taxaide program offers free one-on-one counseling, as well as assistance on the telephone and Internet, to help individuals prepare basic tax forms, including the 1040, 1040A, 1040EZ and other standard schedules. You can search by zip code to find upcoming classes near you, or use the [advanced search](#).
